

Minutes of the Meeting

A meeting of IQAC and Remedial Cell with Coordinators from all Departments was held on March 4th, Friday 2022, in the college Conference room.

Following things were discussed as per Slow and Fast Learners Addressal Program (2021 onwards):

- 1- Slow and Fast learners identifying process was discussed through PPT and video. (ppt attached)
- 2- Coordinators were requested to relay this information in the department to start this process.
- 3- A 10 hour duration can be divided as per the discretion of the coordinator, for example- 5 hours each per semester.
- 4- Teachers /coordinators can assist/supervise fast learners, to create short videos / sessions/classes addressing difficult topics.
- 5- Teachers can also make interactive content/ sessions to address difficult topics at department level.
- 6- The Program may be called, **PEER STUDY PROGRAM**, in which there will be fast learners who will be taking leading roles as teaching assistants.
- 7- The suggested methods of addressing learning difficulty amongst slow learners can be flexible.
- 8- The content can be shared as PPT, videos, group interactions and classroom presentations.
- 9- Students don't have to be addressed as fast learners or slow learners, but can be addressed as teaching volunteers and members of study circle program.
- 10- Coordinators for this addressal program for BA Program, Physical Sc. and Life sciences will be notified by IQAC soon.
- 11- Coordinators are requested to check the content before uploading.
