Continuing the Legacy of Excellence

About the College

In the words of John Dewey 'Education is not preparation for life, education is life itself.' To be ready for the years ahead, young students need to be creative, think critically, make the right choices, and take sound decisions. Shivaji College not only prepares the ground for the students to embark on a remarkable three years graduation; it also prepares them with cherished values and tremendous experiences that leave an impact for life.

The college has a niche position in Delhi University in imparting modern education and nurturing students to face the challenges of

developing India. It endeavours to give students a creative environment that is both stimulating and challenging. Ample opportunities are provided to explore, experiment, and discover. With hands-on equipment and materials, students at Shivaji College are given many opportunities to develop and nurture various facets of their student life – from academics to dance, from theatre and music to a variety of sports. In this light, the college offers twenty undergraduate courses in Science, Commerce and Humanities, a self-financing course in Bachelors of Business Economics and three

postgraduate courses. Apart from these academic courses, an array of extra-curricular societies provides learning platforms for creativity and talents.

Shivaji College is a fraternity of 3893 students, 204 teaching staff, and 112 non-teaching staff. It has been accredited with Grade 'A' by NAAC and was ranked 10th among the Science colleges and 11th in Commerce and Humanities by India Today in 2017. The college has also been ranked 59 by NIRF 2018.

Programmes and projects conducted in the verdant surrounding and eco-friendly campus of Shivaji College provide a conducive environment for learning and inculcating civic

responsibility among students. The college recognises the imperative need for conservation and cleanliness, and maintains vehicle-free and smoke-free premises. Adoption of best practices and eco-friendly measures like rainwater harvesting pits, solar power panels, vermicomposting pit, and herbal garden aid in reducing carbon footprint and in keeping the college clean and green. Adding to these measures, airy corridors, well-ventilated classrooms, and LED lights on the campus contribute towards building a healthy campus.

It is famously said that a gender-equal society would be one where the word 'gender' does not exist. Shivaji College, under the aegis of the Women's Development Cell (WDC), has enthusiastically engaged in contributing towards women's empowerment. Every year, Shivaji College confers the Jijabai Achiever's Award, instituted in 2009, as cognition to individuals who have worked tirelessly towards gender equality

and welfare of women. Moreover, during admissions, the college offers 1% relaxation in cut-off for women students.

Shivaji College also promotes the spirit of patriotism and service through the National Social Scheme (NSS) and the National Cadet Corps (NCC). The aim of NSS is to instil a spirit of community service among young students. Upholding this objective, the NSS conducts several community outreach programmes

throughout the session. Apart from such social service endeavours, the Equal Opportunity Cell (EOC) of Shivaji College extends its support towards services that cater to the needs and grievances of students with disabilities. The Cultural Committee – consisting of a plethora of societies that specialise on music, dance, theatre, debate, and photography – contributes immensely to a holistic development of young minds, ensuring that the individual potential of every single student is honed and animated. Different kinds of sports that students train in contribute to the holistic development of mind, body, and spirit. Our students learn that winners never quit and quitters never win. The college is equipped with a vast sports ground and encourages tournaments and activities all through the year. The Sports Day is held annually where students learn the spirit of the game through a variety of races and competitions.

The library at Shivaji College is

Plant a Free Gift a Life

spacious and well equipped with 86,000 books. More than 1000 books are added every semester. To facilitate the academic pursuits of students, the closing time of the library has also been extended from 5:30 p.m. to 7:00 p.m. The computer and science labs are also equipped with the latest cutting-edge technology to keep up with the rapidly developing technological advancements.

Shivaji College believes in education as the most powerful changing force in an individual. As part of this commitment, it helps the academically weaker students by organising remedial coaching classes. The college also facilitates research projects among teachers by extending support under the aegis of College Research Cell (CRC). A significant section of students is also involved in such

projects, which eventually help them in higher studies. In addition to offering a vision of higher studies and research, the college also offers other possibilities by routinely inviting recruitment agencies. The Placement Cell at Shivaji College works towards guiding students in exploring placement opportunities by inviting various companies for campus recruitment of students who are in the final year of the programme. The Placement Cell conducts counselling sessions for students with regard to their career aspirations and options.

In terms of discipline and decorum on campus, Shivaji College maintains a very strict norm. Various committees like the Discipline Committee, Anti Ragging Committee, and Committee against Sexual

Harassment collaborate in ensuring discipline and order in the college premises at all times. CCTV cameras are installed at strategic places for surveillance. The Delhi Police also extends their support to the college during all major functions and events so that anti-disciplinary actions can be avoided.

The amalgamation of cultures, traditions, hues of nature, the frolic and abandon of cheerful students reflect upon the acceptance and co-existence of myriad cultures that are woven into the fabric that is Shivaji College. The journey from its humble beginnings to becoming one of the premiere colleges of the University of Delhi is truly an inspiration. With rapid leaps and bounds in recent years, the college shall now expand with a new, state-of-the-art building by 2020.

Reflections from the Principal's Desk

Landmarks made. Milestones achieved. Values bequeathed. Another year in the intellectually exciting and multi-faceted melting pot that is Shivaji College. For us as teachers and mentors, a year is not the one the calendar defines. For us, this time of the season is the time for stocktaking of milestones won, dreams fulfilled, and the kaleidoscope of events that have left behind lively memories from the previous semester. Shivaji College takes great pride in moving beyond academia with ever-increasing forays into music, theatre, scientific inquiry, and creative expression. The college, through the NSS, also works consistently towards social service. It is rightly said that as we lose ourselves in the service of others, we discover our own lives and our own happiness. We at Shivaji undertake community outreach programmes as well as the promotion of education for the underprivileged throughout the session.

Shivaji College believes in and promotes the ideals of gender equality and community service. To this effect, the college also honours and celebrates men and women working towards women's empowerment and confers on them the Jijabai Achievers Award, instituted in 2009 in honour of Rajmata Jijabai. It has a proactive Women Development Cell (WDC) which aims at creating social awareness and sensitisation towards gender issues.

People take different roads seeking fulfilment and happiness. Young people in this college traipse down paths of imagination, creativity, and inquisition; and perhaps we as adults should join our students in their joyous youthful journey, experiencing everything this extraordinary institution has to offer. Let's celebrate the fact that we are, that we exist. And then begin the process of enjoying every moment of our lives. Whether at work or at play, let each minute count. Fill it with so much of yourself that in every memory lies the essence of yourself. In this spirit, it gives me immense pleasure to bring to you this newsletter, a bi-annual endeavour that re-lives the moments of achievements and celebrations, and encapsulates the brilliance and variety of this old and great institution. The newsletter records snippets from proud moments of the summer semester of the academic year 2018-19 and we hope it is an enjoyable read.

Department Spotlight

Creative learning doesn't just look different and feel different, but also imparts a different experience. Department activities across the disciplines of Commerce, Humanities, and Sciences provide an environment wherein students are more likely to express their ideas, think outside the box, challenge problems with innovative solutions, and most importantly, learn faster and more effectively.

GEOGRAPHY

The Department of Geography hosted the following lectures: Mr. Martin J. Ossewaarde (Sustainable Development Speaker and Writer, Bishkek, Kyrgyzstan) delivered a lecture on 'Sustainable Development' on September 11, 2018, in the college auditorium. Dr. Stephanie Ledar (Postdoctoral Scholar, Sweden) delivered a lecture on 'Education for Sustainable Development' on October 6, 2018 in the college auditorium.

The department also organised a film screening of the film *Inferno Village*, followed by discussion on August 29, 2018. The film is based on Jharia coalmines. For 100 years, Jharia town in India has lived on top of a perpetually burning coal field. Once green and beautiful, the region is now scorched and barren; the ever-growing pit has devoured many houses, while its people suffer from innumerable respiratory diseases. Despite the danger, most families are not relocating because coal provides their only means of income.

Beyond Classroom

Benjamin Franklin once said: 'Tell me and I forget, teach me and I may remember, involve me and I learn.' Extra-curricular activities on the campus celebrate students' inquisitive minds and give them the freedom to discuss, explore, create, invent, and rejoice. They engage students and prepare them all year round for an exciting world ahead. Extracurricular activities come not only in the form of artistic expressions and performances. Committees like EDC, Placement Cell, TEDx organise activities that hone professional skills and shape healthy and inspiring outlook toward individual life

events.

Cultural Committees

Under the aegis of the Cultural Committee, numerous students' societies engage year-round with training programmes and activities to nurture their creativity, skills, and talents. Bizarre, Dictum, Footloose, Reverb, Shutterbugs, Vayam, and Vibgyor are some of the students' societies that specifically bring together students with interests in the fields of fashion, public speaking, dance, music, photography, drama, fine arts and so on.

Mr. Amit Poddar discussed the minute details of dress code, body movements and postures. He also spoke on new courses like MIB, GBO, MFC as a career option.

'TEDx'

Tedx believes in the power of ideas and expression through technology, entertainment, and design. These talks have a global outreach through their cost-free online videos.

Shivaji College organised its first ever TEDx event on August 24, 2018, bringing together individuals from every discipline and culture who believe in the power of ideas to change attitudes, lives and ultimately, the world. The event was themed 'F5: Refresh', which stands for refreshing our mundane life with the input of new ideas, outlook, and perspectives.

Enamoured by Tedx Speakers

TED is a non-profit organisation devoted to ideas worth spreading, usually in the form of short, powerful talks delivered by today's leading thinkers and doers. In the spirit of ideas worth spreading, TEDx is a program of local, self-organised events that bring people together to share a TED-like experience. TEDx Shivaji College was a reflection of everything that TED stands for – Technology, Entertainment, and Design.

The event saw the presence of young social entrepreneurs such as Suhani Jalota, founder-Myna Mahila Foundation, which empowers women in India about menstrual hygiene and to end period poverty. Rudrani Chettri, the founder of MITR Trust, shared her inspiring story and talked extensively about the struggles of LGBTQ people.

Dr. Shashi Nijhawan and Faculty Members with the Speakers

Professor Niladri Chatterjee from IIT Delhi, with his extensive research and inspirational work in the field of Machine Translation and Artificial Intelligence, shared his knowledge and wisdom with the audience.

While Amrut Bhat, the founder of Drum Circle, was applauded for the instrumental creative energy he brought into the room, the spectacular energy of Anamika Singh, founder of Anamika's Dance and Arts Academy, also contributed to the grand success of the event. Anamika told the audience about her academy, which is known for its medium of meditation and dance to help heal and move people's lives.

On the Importance of Sanitation - Ms. Suhani Jalota

Divya Prakash Dubey, the valued Hindi author and a brilliant storyteller, talked about the importance of stories in our lives. Shruti Sharma, the founder of 'Books on Delhi Metro' initiative spoke about reviving the dying art of reading books. The audience at the event was overjoyed with the arrival of former Indian

cricketer Mohammad Kaif and his wife Pooja Yadav Kaif, a corporate anchor, who shared their distinctive experiences and perspectives.

SPORTS

Citius, Altius, Fortius – Faster, Higher, Stronger. The three immortal words of the Olympic Games constitute the spirit of sportsmanship. It matters not who won, but how the game is played. Sports at Shivaji College promote the spirit of healthy competition, teamwork, and synergy. A variety of events and competitions are held throughout the session. The college has a vast sports ground, which remains one of the largest in Delhi University.

National Level Sports Competitions

Shivaji College participated at the National Level in Athletics from October 24-26, 2018; Cricket from December 1-4, 2018; Basketball (Women) on October 23, 2018; and Power Lifting (Women) on October 26, 2018. More than eight students played for the Ranji Trophy in Cricket.

Kite-Flying Competition

Colours, movement and laughter adorned the surroundings of the campus in celebration of the country's independence. A kite-flying event was organised by the Department of Physical Education on August 14, 2018 in honour of Independence Day.

Garden Committee

This committee aims at creating a green, clean, and beautiful campus. The Garden Committee is the brain behind the visual delight on Shivaji College premises. Undoubtedly, Shivaji College campus is not just a visual treat but also a source of healthy mind and body.

'Serenity through Bonsai – Beginner's Hands-on Training on Bonsai Making'

A Beginner's Hands-on Training on Bonsai Making was organised by the GARDEN COMMITTEE of Shivaji College on November 2, 2018 where Dr. Vivek Sharma gave a talk and demonstration on the process of making bonsai. This training was attended by faculty members, students, and participants from outside Shivaji College.
