College Initiatives

Shivaji College has introduced several unique initiatives aimed at enhancing the overall academic experience and supporting student development. These initiatives go beyond conventional learning, focusing on both academic and practical growth. The development of students is closely tied to the support, motivation, and innovation provided by faculty and staff. Here are some unique initiatives that have been the brain child of our principal Prof. Virender Bhardwaj:

Principle Internship Scheme

Shivaji College, inspired by the Vice Chancellor Internship scheme launched its Principal Internship scheme (PIS) 2024-25 with a dedicated Summer Internship, designed to offer undergraduates practical experience during their summer break. The program aimed to bridge the gap between academic learning and real-world application.

The PIS committee began by inviting applications, selecting 50 students from various undergraduate disciplines based on their cumulative grade point average (CGPA). The program ran from June 24, 2024, to July 31, 2024, with all 50 interns successfully completing their assignments. Following the success of the Summer Internship, Shivaji College kicked off its Academic Session Internship under PIS 2024-25 on September 20, 2024. This extended internship involved 28 students from a variety of academic streams.
