SESSION 2019-20

FROM THE PRINCIPAL 'S DESK

"I am a lighthouse rather than lifeboat. I do not rescue, but instead help others to find their way to shore, guiding them by my example." We at Shivaji College believe in setting examples, being role models, and lending ourselves to selfless service towards the community. The aim of the NSS, Shivaji College chapter, is to instil a spirit of community service amongst young students. We strongly believe that our energetic and involved youth can make pathbreaking changes in alleviating the problems of society and become guiding lights, ever ready to step in and help the marginalised and oppressed. In this spirit, the NSS conducts numerous initiatives through the session, including community outreach programmes as well as the promotion of education for the underprivileged. The lockdown period and the COVID19 crisis provided fresh challenges towards continuing our endeavours of social service. The NSS stepped up successfully, shifting to online platforms to ensure the continuance of lively dialogue and debate on modern day social issues to inspire our students to contribute to society. Regardless of what difficult times we face, our strong belief is that Shivaji College shall prevail. Our path towards changing society and alleviating its problems will not diverge and through the NSS and its members, we will always lend a helping hand to anyone in need. Stay safe, stay strong and let's defeat this crisis with courage, selflessness and cooperation.

The National Service Scheme unit of Shivaji College, on 2nd October organised various events to commemorate the 150th birth anniversary of Mahatma Gandhi. These events included 'Fit India Plog Run', 'Pledge against Tobacco', 'Shramdaan', 'Solar lamp' and 'Old age home visit'

The NSS Unit of Shivaji College organised a workshop in the college for harnessing solar energy, in collaboration with IIT Bombay. The event has held on 2nd October.

As part of the project SOULS (Solar Urja for Localisation and Sustainability), which is being organised in 101 countries, the workshop provided an excellent opportunity to the volunteers to learn making solar lamps.

The 'Fit India Plog Run' was carried out in the morning in which the volunteers collected the litter on the roads while jogging, thus fulfilling the two goals of 'Clean India' and 'Fit India'. This run is a novel method that holistically integrates the responsibilities of a citizen towards himself and the society. Afterwards, the volunteers took a pledge against the use of tobacco and other such intoxicating substances.

A 'Shramdaan drive' to clean the college campus was organised under the 'Swachhta hi Seva' campaign which is a massive nationwide awareness and mobilization campaign on Swachhta.

The day was concluded with a visit to Sai Sahara old age home. The volunteers shared some happy moments with the residents. Seeing the smiles on the faces of these people was perhaps one of the best heartfelt moments of the day.

Taking inspiration from the teaching of our Baapu, the NSS team will continue to devote their mind, body and soul in the service of the society and nation. As he taught us, we will continue to shake the world, but in a gentle way.

Smoking is the biggest cause of preventable deaths, accounting for nearly 80,000 deaths each year. One in two smokers will die from a smoking-related disease.

Every 15 cigarettes you smoke will cause a mutation in your body, mutations are how cancers start.

If you could see the damage, you'd stop.

NSS Shivaji College organized an inter college online poster making competition on account of No Smoking Day (11 March 2020). The topic for the same was - No Smoking.

The last date of submission was - 14 March 2020.

MESSAGE FROM NSS FACULTY

A human being is one of the finest creations of God. Having gifted with a wonderful brain , a sound body and consciousness...a human being tries to rule over everything and everyone. Sometimes this attitude leads to imbalances in the systems of Nature and we have to pay back in the form of disasters and diseases. Respect for all creation and proper balance in life is necessary to maintain harmony. The aim of NSS unit of Shivaji College is to work for the physical, mental, emotional health of everyone, whilst ensuring the balance between all aspects of existence. With these aims, the NSS unit organizes seminars, discussions, awareness campaigns, rallies, competitions, visits to destitute homes. I am sure with our constant efforts we will be able to bring about a positive desired change in the environment around us.

Dr. Mridula
Associate professor
Department of mathematics

Harmony is the pleasant combination of different notes of music played at the same time. If people are living in harmony with each other, they are living together peacefully rather than fighting or arguing. Mankind should dominate nature rather than live in harmony.

Dr. Sarita
Assistant Professor
Department of Hindi

We humans are born to serve humanity. The NSS unit is formed with the aim of providing experience to students in delivering community services. I am fortunate to be a part of this team and would like to congratulate the students too, who have worked sincerely towards betterment of mankind.

Ms. Supriya Kamna
Assistant Professor
Dept of Commerce

MESSAGE FROM NSS FACULTY

Following the motto of 'Nishkaam Seva', the NSS unit of Shivaji College has been continuously working to spread social messages and positive thoughts in the society through a series of webinars. I congratulate the whole team of NSS, Shivaji College for tirelessly putting their efforts even in this difficult time of COVID-19 pandemic.

Ms. Manisha
Assistant Professor

The Motto of NSS is 'Not me But You' to achieve this we should identify the need and problems of community and involve ourselves in problem solving process. And practice National integration and social Harmony.

Ms. Manisha Rani
Assistant professor
Department of commerce

The happiest people are the one who lose themselves in the service of others. As we discover our own happiness when we lose ourselves in the service of others. Hence, our greatest reward and joy is to bring fundamental difference in our society.

Ms. Shweta
Assistant Professor
Department of Commerce

MESSAGE FROM NSS FACULTY

Do the best possible service you can for the betterment of the society. You don't need a particular position to do service as it doesn't matter. What matters is your sincerity, dedication and integrity to help others and bring a small change.

Ms. Harmanpreet Kaur
Assistant Professor
Department of Commerce

Not all of us can do great things, but we can do small things with great love. This above quote was given by Mother Teresa and our Shivaji college NSS unit also initiates such small and continuous efforts to make a change in society with harmony and empathy.

Dr. Anubha
Assistant Professor
Dept. Of Commerce

It is the little moments of joy and peace that we bring to others that give us a purpose in life. I feel proud of NSS and our beloved Shivaji College for all the efforts and love put in towards the community.

Dr. Antara Bhatia
Assistant Professor
Department of English

MESSAGE FROM NSS FACULTY

We can't buy, arrange or date serenity and peace of mind. It's an inside job and we have to find our own answers. We shouldn't compare our insides with someone's outsides. It will only make us worse than we already are!

Dr. Bharat Ratnu
Assistant Professor
Department of Geography

Well this one is a personal revelation.....
There was a time, I use to wonder, as to WHY somebody or anybody does not do something or at least anything to bring about a change in the situation (mostly deteriorating environmental settings). I later realized that I was also the one who didn't do nothing.

Dr. Ashwani Sharma
Assistant Professor
Department of Environmental Studies

In this world of machine we have developed speed, but we have shut ourselves in. More than machinery we need humanity. So let us all unite to make changes in society and spread the message of peace, love and development.

Ms. Vineeta
Assistant Professor
Department of Commerce

MESSAGE FROM NSS FACULTY

I am honoured to be a part of NSS, Shivaji College which has managed to reach out to the marginalized communities in the society. We have created a space which takes pride in bringing about a change in real material conditions along with the discursive practices. Whether it is about women empowerment, poverty, third gender or financial crisis during a pandemic, we have addressed all of them to bring awareness in our society!

Meenakshi Yadav
Assistant Professor
Department of English

As we try to change society to fit our standards and bring about the sense of peace we long for, it is only when we turn inwards, clean our own backyards and serve as a source of inspiration that society will improve on its own.

Deepika
Assistant Professor
Department of Political Science

As a human, I believe that not all of us can do big things but we socially can do small things which can make significantly a difference in the lives of others.

Dr. Neetu Singh
Assistant Professor
Department of Zoology

Dr. Pallavi Agarwal

We cannot always build the future for our youth , but we can build our youth for the future. If our youth arise and act, they have the strength and dynamism to generate a huge transformation in Society.

Ms. Soni
